Dear Marvin,

When I have seen for the first time your incredible new creation,

The "Ten Commandments Diamond™"

I simply had a most profound emotional reaction.

Your creation is still carved behind my eyes, in my heart, and will stay as such.

Such achievement is the result of your most sensitive feelings and artistic know-how.

It contributes in such turbulent and insecure times, for humanity to recall and remember.

To recall and remember that those "Ten Commandments" are what we thrive for.

To recall and remember the laws established by the All Mighty for humanity's existence.

To recall and remember our profound hopes for humanity's children and their future.

To recall and remember that Good is better than Bad!

The "Ten Commandments Diamond™" is a blessing.

Thank you, Forever!

Gabi S. Tolkovsky™
